Southwest Washington Health System is the parent company of the Medical Center as well as several integrated service providers. To learn more, go to [www.sw-health.org](http://www.sw-health.org).

Celebrating 150 years of Pioneering Medicine and community firsts, **Southwest Washington Medical Center** was the first permanent hospital in the Northwest Territories\*.

Today, Southwest serves more than 200,000 patients per year, leading the way in providing exceptional medicine to residents throughout Clark County and beyond. Southwest was named as one of the *100 Top Hospitals*® in the nation six times. This honor recognizes the many areas in which Southwest provides extraordinary care, including:

- A birthing center with homelike features that combines advanced capabilities for high-risk pregnancies
- A medical staff of almost 1,000 providers including renowned specialists and surgeons
- Advanced heart and vascular care, including open-heart surgery
- One of only three trauma centers in the Portland area offering advanced emergency care
- Comprehensive outpatient surgery centers for minimally-invasive surgeries, including orthopedic and sports medicine procedures
- One of the only CyberKnife® Centers on the West Coast dedicated to treating brain, spine and other tumors
- A nationally certified Stroke Center with advanced clot-busting procedures

**OUR MISSION:** As the leader in the provision of health services for our entire community, we emphasize clinical and service quality, promote accessible and affordable care and work with others to improve health status.

## FACTS & FIGURES (2008)

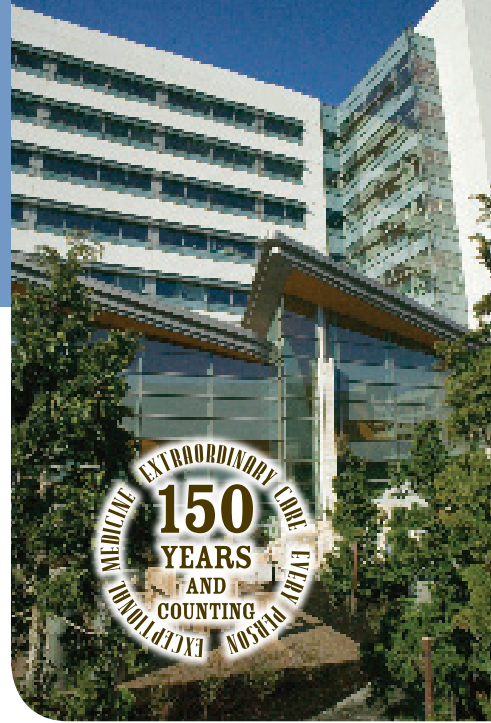

Total licensed beds . . . . . 442
